Vidyalankar Institute for International Education

2023 - Present

Pursuing a degree in Information Technology, focusing on key programming concepts and technologies.

Higher Secondary Certificate

Pace IIT & Medical

2021 - 2023

Completed Higher Secondary Certificate with a focus on Science subjects.

LANGUAGES

English

Hindi

Gujarati

PROFILE

In my first year studying Information Technology, I have developed a strong interest in programming and a commitment to expanding my skill set across various areas of the field. With a good foundation in coding, I approach challenges proactively, consistently seeking out new opportunities to learn and grow.

I view new challenges as valuable opportunities for growth and learning within the ever-evolving field of technology. My adaptability and readiness to embrace unfamiliar tasks allow me to contribute effectively to team projects and tackle complex problems.

VOLUNTEERING EXPERIENCE

Technical Support

IEEE

Oct 2023

- As a dedicated volunteer for IEEE VSIT, I assumed the role of technical support for a significant event.
- My responsibilities included not only managing but proactively troubleshooting various technical challenges that arose during the event.
- Learned the importance of being proactive and resourceful in a fast-paced environment, as well as the ability to think critically and find effective solutions quickly to keep events running smoothly.

Student Partner

Internshala

Dec 2023 - Feb 2024

- As an Internshala Student Partner, I supported the promotion of Internshala's internships and online training courses within my campus and to students from other institutions.
- My responsibilities included promoting Internshala's offerings through social media and on-campus channels, as well as engaging with students to discuss their interests and goals. I provided information about suitable courses and internships and distributed marketing materials to encourage participation.
- This experience helped me develop communication skills while connecting with students about their career interests. I improved my ability to understand students' needs and recommend relevant opportunities.

Chairperson

IEEE

Feb 2024 - Present

- As the Chairperson of the IEEE student branch, I lead the team in organizing events and workshops that foster a strong community around engineering and technology. My role focuses on guiding members in planning and executing activities that support professional growth and learning.
- As the Chairperson of the IEEE student branch, I lead the team in organizing events and workshops that foster a strong community around engineering and technology. My role focuses on guiding members in planning and executing activities that support professional growth and learning.
- This role helps me develop strong leadership and organizational skills while working with a diverse team. I gain experience in budgeting and resource allocation to optimize outcomes for events.
